Objectid	3,294
Description	During removal at Ilkeston
Image	 A large, blue industrial engine, possibly a diesel or steam engine, is shown in the process of being removed from a structure. The engine is mounted on a heavy wooden frame made of large, dark, weathered beams. The engine itself is painted blue and features several gauges and pipes. It is suspended by chains and blue lifting straps. The background is a grey brick wall. The scene is lit by a bright overhead light.
Thumb	 A small thumbnail image of the engine, showing its blue color and the wooden frame it is mounted on.
