

Objectid	Description	Image	Thumb
1,025,918		 A large, green-painted steam engine is positioned on a wooden pallet outdoors. The engine features a prominent flywheel, various pipes, and a small orange control box. A wooden frame with a horizontal beam is mounted on top. The background shows a gravel area, a brick wall, and some potted plants.	 A small, square thumbnail image showing the same steam engine from a slightly different angle, providing a quick overview of the object.
