Objectid	Description	Image	Thumb
1,025,924		 A black and white photograph of a large industrial lathe machine in a factory. The machine is long and horizontal, with a large flywheel on the left and a complex tool rest and carriage system on the right. The background shows a brick wall and other industrial equipment.	 A small, square thumbnail image showing a close-up of the lathe machine's tool rest and carriage.

Objectid	Description	Image	Thumb
1,025,924		 A black and white photograph of a large industrial machine, likely a steam engine or boiler, in a factory setting. The machine is a large, horizontal cylinder with various pipes, valves, and mechanical components. It is situated in a room with brick walls and a high ceiling with exposed wooden beams and hanging lamps. The floor is covered with large, flat stones or tiles. The machine is the central focus, with its complex machinery and large scale emphasized by the surrounding environment.	 A small, square thumbnail image of the same industrial machine, providing a quick overview of the object's appearance and context within the factory.

Objectid	Description	Image	Thumb
1,025,924		 A black and white photograph of a mechanical assembly. It features two vertical cylindrical components mounted on a base plate, connected by a horizontal pipe. A large, rectangular metal bracket is positioned in front of the cylinders, with various bolts and fittings visible. The assembly is mounted on a dark, possibly metal, surface.	 A small, square thumbnail image showing a close-up of the mechanical assembly, focusing on the central pipe and the bracket.
