Description	
Image	 A photograph of a workshop interior. On the left is a large green industrial machine with a prominent red band around its middle section. To the right, a large, dark, cylindrical metal component, possibly a flywheel or a large valve, sits on a wooden pallet. A yellow strap is draped across the floor near the pallet. In the background, there's a red machine with two large red cylindrical tanks on top. A computer monitor is visible on a stand in the background, displaying a blue screen. The floor is concrete, and the walls are made of wood paneling.
Thumb	 A small thumbnail version of the main image, showing the same workshop scene with the green machine, the black cylinder on the pallet, and the red machine in the background.
