Description	
Image	 A photograph of a large industrial machine, possibly a steam engine or a large pump, in a workshop. The machine features a massive, dark, rusted flywheel. In the foreground, there is a yellow and black portable generator or power unit. To the right, a green machine with a large white flywheel is visible. The workshop has a concrete floor, a red-painted area, and a framed picture on the wall.
Thumb	 A small thumbnail image of the workshop scene, showing the yellow generator and the large machine.
