Objectid	1,596
Description	Unloading at the museum 2
Image	 A large blue crane is lifting a large, grey, rectangular engine component from the back of a white truck. The component is suspended by four red lifting straps. A worker in a blue hard hat and a high-visibility yellow vest stands on the truck bed, looking up at the crane. The truck has "DAF" written on its side. The background shows a cloudy sky and some trees.
Thumb	 A small thumbnail image showing the same scene as the main image, but from a slightly different angle, focusing on the engine component being lifted.
