Objectid	1,616
Description	Taken at the 2007 End Of Season Crankup
Image	 A large, green-painted vintage engine, likely a Crocker model, is the central focus. It features a prominent black flywheel on the right side and a tall, silver-colored exhaust pipe extending upwards from the left. The engine is mounted on a green metal base. In the background, two people are visible: one wearing a blue jacket and another in a dark shirt and jeans. A wooden sign in the background reads "MOORSIDE EDGE TRANSMITTING STATION". The setting appears to be an indoor workshop or museum.
Thumb	 A small, square thumbnail image showing a close-up of the green engine, highlighting its mechanical details and the black flywheel.
