

Objectid	Description	Image	Thumb
1,617	After arrival at the museum	 A large, green, vintage portable engine, likely a Meadows model, is shown in a workshop or garage setting. The engine has a prominent red flywheel on the left side and the word "MEADOWS" is visible on the front. It is mounted on a green metal frame with a large tire at the bottom. Various pipes, hoses, and a large blue barrel are visible in the background.	 A small, square thumbnail image of the same green Meadows portable engine, showing a different angle or a close-up of a part of the machine.
