Objectid	1,621
Description	Installed in the Lister Room, Hall2
Image	 A large, green, cast-iron Lister engine is mounted on a red-painted concrete base. The engine features a large flywheel on the right side and a smaller flywheel on the left. A green pipe runs horizontally across the front of the engine. To the left of the engine, there is a small, light-colored metal box with a circular gauge. To the right, a red oil can with the brand name 'VISCOLEUM' and 'LUBRICATING OIL' is visible. The engine is situated in a room with a light-colored wall and a tiled floor.
Thumb	 A small thumbnail image of the Lister engine, showing the same components as the main image but at a smaller scale.
