Description	Gauge end of engine No 3 at Leatherhead
Image	 A large, dark, industrial engine, likely a steam engine, is shown in a dimly lit room. The engine is complex, with numerous pipes, valves, and gauges. Three large, round gauges are visible on the upper part of the engine. The engine is mounted on a metal frame. The background shows more industrial equipment and a window.
Thumb	 A small, square thumbnail image of the engine, showing the same scene as the main image but at a much smaller scale.
