Objectid	1,644
Description	In the car park at the museum
Image	 A large, green, cylindrical industrial machine, possibly a generator or motor, is mounted on a flatbed trailer. The machine has a prominent circular front with a radial pattern. It is secured with red chains. A red Fassi F800XP crane is mounted on the trailer behind the machine. The trailer is parked on a gravel surface. In the background, there is a fence and some trees under a cloudy sky.
Thumb	 A small thumbnail image showing the same industrial machine on the trailer, providing a different perspective or a smaller view of the same scene.
