Objectid	1,649
Description	Compressor house
Image	 A photograph of a small, single-story brick building with a gabled roof. The building has a prominent blue double door and two arched windows. In the foreground, there are several red gas cylinders, a blue horizontal tank, and various metal pipes and structural elements. A tall light pole is visible to the left of the building.
Thumb	 A small thumbnail version of the main image, showing the same brick building and industrial equipment.
