

Objectid	Description	Image	Thumb
1,705	Storage, Hall 7	 A photograph of a vintage light blue engine, possibly a small tractor or generator, with a large brass cylinder and various mechanical components. The engine is mounted on a red floor. A white mesh screen is visible on the left side of the engine. A large blue cylindrical object is partially visible on the right. A small inset image shows a close-up of a mechanical part.
