Description	Crankcase mocked up for the EOS 2007 event
Image	 A large, rusted metal crankcase, likely from a steam engine, is displayed outdoors. The structure is composed of several vertical sections, each with a large, rectangular, riveted door. The metal is heavily corroded, showing a dark, brownish-grey patina. A woman with blonde hair, wearing a dark long-sleeved shirt and light blue jeans, stands to the right of the crankcase, leaning against it with her right hand. The crankcase is supported by several large, rectangular wooden blocks. The background shows a wooden fence and some greenery under an overcast sky. The words "BOSTON", "LINCOLN", and "ENGLAND" are visible on the base of the structure.
Thumb	 A small thumbnail image of the crankcase, showing the same structure and woman as the main image, but at a much smaller scale.
