Objectid	Description	Image	Thumb
2,881	As acquired	 A large, rusted, vintage Armstrong engine with a flywheel and a spark plug. The engine is made of cast iron and shows significant signs of age and wear. It features a large flywheel on the left side and a spark plug on top. The brand name "ARMSTRONG" is visible on the front. The engine is set against a background of green foliage and a red brick wall.	 A small thumbnail image of the Armstrong engine, showing the same details as the main image but at a smaller scale.
