Objectid	2,889
Description	None
Image	 A large, green, industrial engine, likely a diesel generator, is shown in a workshop or outdoor setting. The engine is mounted on a metal frame and features a prominent black control panel on the right side. This panel includes four circular gauges (two at the top, two at the bottom) and a large rectangular generator unit at the bottom right. The engine itself has a green painted body with visible rust and wear. A person in a blue shirt is partially visible in the background, standing near a yellow forklift. The engine is positioned on a concrete floor.
Thumb	 A small thumbnail image of the engine, showing its side profile. It is a green industrial engine with a black control panel, mounted on a metal frame. The image is a smaller version of the main image above it.
