Objectid	Description	Image	Thumb
2,914	Installed ready for first run, October 2009. Still requires crank stub manufacturing.	 A large, green-painted industrial engine, identified by the brand name 'PETTER' on its base. The engine is mounted on a concrete foundation. It features a large flywheel on the right side and a complex arrangement of pipes, valves, and a control panel on the left. A chain hoist is attached to the top of the engine. The background is a white tiled wall. A small inset image in the bottom right corner shows a different view of the engine.	 A small, square thumbnail image showing a different perspective of the engine, highlighting its compact size and the surrounding environment.
