Description	On the wagon ready for the trip to Wales
Image	 A large, green-painted steam engine is mounted on a wooden platform which sits on a flatbed wagon. The engine features a tall vertical cylinder, various pipes, valves, and a large flywheel on the right side. It is positioned outdoors on a paved surface, with a brick wall and a blue sky with white clouds in the background. To the left of the engine, there are some blue and white tarps or bags.
Thumb	 A small thumbnail version of the steam engine image, showing the same green engine on the wagon from a slightly different angle.
