Objectid	2,916
Description	As found
Image	 A large, green-painted industrial machine, possibly a steam engine or pump, is the central focus. It features a massive, dark green flywheel with a series of rectangular cutouts around its circumference. The machine is mounted on a sturdy, dark metal frame. In the background, a red brick wall and a wooden ceiling with exposed beams are visible. To the left, another smaller, reddish-brown machine is partially visible. A blue and yellow can of WD-40 sits on a wooden bench in the foreground. A white ladder leans against the machine in the background.
Thumb	 A small, square thumbnail image showing a close-up of the green industrial machine, specifically the flywheel and the metal frame.
