2,918	Running just after arrival at the museum	 A man with a beard, wearing a black long-sleeved shirt and dark trousers, is operating a large, green steam engine. He is standing to the left of the engine, with his hands on the controls. The engine is mounted on a metal frame and has a large flywheel. In the background, there is a white building and some other equipment. A blue rope is tied around the engine's frame.	 A small thumbnail image showing the same steam engine from a different angle, with the man operating it.
