Objectid	2,924
Description	Ready for test run
Image	 A large, green-painted steam engine is the central focus, resting on a wooden pallet. It features a prominent, dark, spoked flywheel on the left side. The engine's body is painted a vibrant green, with some black components visible. It is situated in a cluttered workshop or garage, with various tools, a blue cup, and other mechanical parts scattered around. The background shows more equipment and the structural elements of the building.
Thumb	 A small, square thumbnail version of the main image, showing the same green steam engine on the wooden pallet. It provides a quick overview of the subject matter.
