Description	Ready for loading in Devon
Image	 A large, green-painted steam engine is the central focus, resting on a wooden platform made of several thick logs. The engine has two large, dark metal flywheels on either side of its central vertical cylinder. Various pipes, valves, and mechanical components are visible on top of the cylinder. In the background, a young boy in a blue and white striped shirt stands on a concrete ledge to the left, and a woman in a dark jacket and blue jeans stands to the right. The setting appears to be an outdoor area, possibly a garden or a small industrial site, with a fence and some buildings visible in the distance under a bright sky.
Thumb	 A small, square thumbnail image showing a different angle or a smaller version of the steam engine, positioned in the top-left corner of the 'Thumb' column.
