Objectid	2,960
Description	
Image	 A large, light blue industrial engine, possibly a generator or pump, is shown in a workshop setting. The engine has two prominent fuel tanks, one yellow and one orange, mounted on top. It is surrounded by various mechanical components, including a large flywheel on the left and a belt drive system. The engine is mounted on a concrete base and is connected to a large, dark metal structure on the right. The background shows a workshop floor and some other equipment.
Thumb	 A small thumbnail image of the engine, showing the same components as the main image but at a much smaller scale. It highlights the yellow and orange fuel tanks and the light blue engine body.
