Objectid	Description	Image	Thumb
3,294	During removal at Ilkeston	 A large blue industrial machine, possibly a pump or motor, is being removed from a workshop. An older man in a dark jacket stands to the left, observing. A younger man in a red jumpsuit is working on the machine's shaft. A third person in a high-visibility vest is partially visible in the foreground. The background shows a concrete block wall with various electrical and mechanical components.	 A small thumbnail version of the main image, showing the same scene of the industrial machine being removed.

Objectid	Description	Image	Thumb
3,294	During removal at Ilkeston	 A large blue industrial engine is being lifted by several heavy chains in a workshop. The engine is positioned on a stack of wooden beams. Two workers are visible: one in a high-visibility vest and another in red overalls. The background shows a brick wall and industrial equipment.	 A small thumbnail image showing the engine being removed, with a worker in red overalls visible in the background.

3,294	During removal at Ilkeston	 A large, blue industrial engine, possibly a diesel or steam engine, is mounted on a wooden frame. The engine has several gauges and pipes. It is being moved or prepared for removal, as indicated by the blue straps and chains. The background shows a brick wall and some workshop equipment.	 A small thumbnail image of the engine, showing a different angle or a close-up of a part of the engine.

Objectid	Description	Image	Thumb
3,294	During removal at Ilkeston	 A large blue industrial engine is being lifted by a yellow crane in a warehouse. The engine is suspended by several chains and is being moved over a wooden structure. Two workers are visible: one in a high-visibility vest and another in a red jacket. The background shows a concrete wall and a doorway.	 A small thumbnail image showing the engine being removed, with a worker in a red jacket visible in the background.

Objectid	Description	Image	Thumb
3,294	During removal at Ilkeston	 A large blue industrial engine is being lifted by a yellow crane in a workshop. The engine is suspended by several heavy chains. It is positioned above a stack of large, dark wooden beams. Two men are visible in the background, one in a blue shirt and one in a black shirt, observing the process. The workshop has a concrete floor and walls, and a yellow crane is visible in the background.	 A small thumbnail image showing the engine being lifted, similar to the main image.
