| Description | During removal at Ilkeston                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Image       |  A large, blue industrial engine, possibly a steam or diesel engine, is shown in the process of being removed from a structure. The engine is mounted on a wooden frame made of heavy beams. It is suspended by chains and a blue strap. The background is a brick wall. The engine has several gauges and pipes. A blue strap is attached to the engine and the frame. The engine is being moved from a brick building. |
| Thumb       |  A small thumbnail image of the engine, showing the same scene as the main image but at a smaller scale.                                                                                                                                                                                                                                                                                                                 |
