Objectid	3,602
Description	On temporary display in Hall 5
Image	 A large green Lister engine is displayed in a museum. The engine has a large flywheel with a yellow arrow pointing clockwise. A red fuel tank with the text 'STREAMLINE FILTERS' is visible in the background. The engine is mounted on a black base. A green cylindrical tank is on the left, and a black engine component is on the right. The floor is red.
Thumb	 A small thumbnail image of the green Lister engine, showing the flywheel and the red fuel tank.
