

Images

Objectid	3,605
Description	Being collected in Westbury
Image	 A photograph of two men standing behind a large, green and red mechanical device, likely a steam engine component, outdoors in front of a brick building. The man on the left has a beard and is wearing a black sweatshirt. The man on the right is older, with white hair, wearing a blue shirt and a black jacket. The device is mounted on a wooden frame and has a large red flywheel. Text on the device includes "J B PETTER ENGINEER YEOVIL" and "MANUFACTURER JAMES B. PETTER YEOVIL ENGLAND".
Thumb	 A small thumbnail version of the main image, showing the two men and the mechanical device.
