Objectid	3,607
Description	
Image	 A large, rusted industrial machine, possibly a water pump or mill, is mounted against a rough stone wall. The machine features a large, spoked wheel on the left, a complex gear system in the center, and a large, curved, ribbed component on the right. The entire structure is heavily corroded with orange-brown rust. Several thin, curved wires or cables are draped over the machine. The floor is dirt and concrete, with some debris and a black plastic bag visible in the foreground.
Thumb	 A small, square thumbnail image showing a close-up of the industrial machine, focusing on the gear and wheel area.
