

Objectid	Description	Image	Thumb
3,693		 A large, vintage, blue-painted engine, likely a tractor or generator engine, is shown in a workshop setting. The engine is heavily worn and rusted. In the foreground, there are two circular gauges mounted on a red and brass-colored frame. The left gauge has a scale from 0 to 30, and the right gauge has a scale from 0 to 800. The engine has various pipes, hoses, and a large cylindrical component on the right side. A green steering wheel is visible on the left, and a green fuel tank is on the right.
