Objectid	4
Description	End Of Season Crankup 2006
Image	 A large, dark-colored industrial steam engine is the central focus, mounted on a raised platform. It features a complex arrangement of pipes, valves, and a large horizontal boiler section. To the left, a tall vertical pipe stands prominently. In the foreground, a green-painted metal railing with decorative finials runs across the frame. The background shows a workshop environment with a corrugated metal ceiling, a wall-mounted tool rack with various wrenches, and other smaller pieces of machinery. The lighting is somewhat dim, typical of an indoor workshop.
Thumb	 A small, square thumbnail image showing a different angle or a smaller view of the same steam engine setup, providing a quick overview of the scene.
