Objectid	4
Description	Using the shaper to re-cut the keyway in the flywheel.
Image	 A large industrial shaper machine is shown in a workshop. A large, dark metal flywheel is mounted on the machine's table. The flywheel has a keyway being worked on by a shaper tool. The machine is green and has various adjustment knobs and handles. The workshop background is cluttered with tools and equipment.
Thumb	 A small thumbnail image showing the shaper machine and flywheel.
