Description	
Image	 A large, green-painted Petter diesel engine is shown in a workshop setting. The engine is mounted on a wooden pallet. It features a large, green-painted fan at the rear, which has a white tag attached to it that reads "TO RMS". The engine block is green, and the cylinder head is silver. A white tag with the number "03321" is attached to the cylinder head. Various pipes, hoses, and mechanical components are visible on the engine. In the background, another green Petter engine is visible, and a sign on the wall reads "PETTER DIESELS".
Thumb	 A small thumbnail image of the green Petter diesel engine, showing the front and side view.
