

Objectid	Description	Image	Thumb
4,130		 A large, green-painted Petter diesel engine is shown in a workshop setting. The engine features a large, light-colored flywheel on the left side. The brand name 'Petter' is visible in yellow script on the front of the engine block. The engine is mounted on a wooden base. In the background, there are shelves and other mechanical parts.	 A small thumbnail image of the same green Petter diesel engine, showing a different angle or a smaller version of the same machine.
