Objectid	6
Description	Power Hall 1
Image	 A large, green industrial engine, possibly a steam engine, is displayed in a museum hall. The engine is mounted on a white base and is surrounded by a green metal railing. The engine has various pipes, valves, and gauges. In the background, another similar engine is visible, and a sign on the wall reads "POWER HALL 1".
Thumb	 A small thumbnail image of the engine, showing a different angle or a smaller view of the same engine.
