Objectid	7
Description	Before installation in Hall 1
Image	 A large, green industrial steam engine is shown, featuring a prominent red flywheel with a white rim. The engine is mounted on a concrete base. To the left of the engine is a large, rusted cylindrical tank. The engine has a green body with a silver oval plaque on the front. The background is a plain, light-colored wall.
Thumb	 A small thumbnail image of the steam engine, showing the red flywheel and the green body.
