Objectid	772
Description	
Image	 A large, dark, rusted metal engine or pump. It has a prominent light bulb mounted on top, encased in a protective metal cage. The engine is mounted on a sturdy metal frame. Various pipes, valves, and mechanical components are visible. A large flywheel is on the right side. The background shows a workshop or storage area with other equipment.
Thumb	 A small thumbnail image of the engine, showing the same components as the main image but at a smaller scale.
