Objectid	783
Description	Crank and flywheel in
Image	 A large, green-painted industrial crank and flywheel assembly is shown in a workshop. The flywheel is a large, dark, circular disc with a lighter-colored rim. The crank is a complex metal structure with several bolts and a central shaft. The assembly is mounted on a green base. In the background, a person in a red jumpsuit is working on a piece of equipment. The wall behind the assembly has red graffiti that includes the word 'Fly'.
Thumb	 A small thumbnail image of the crank and flywheel assembly, showing the same components as the main image but at a smaller scale.
