| Description | Replica paddle frame finished during 1st COVID lockdown. |
| Image |  A large, intricate wooden paddle frame, likely for a steam engine, is the central focus. It features a complex arrangement of wooden spokes and a large outer rim. A person wearing a black jacket and a patterned beanie stands in front of the frame, providing a sense of scale. The background shows a workshop environment with various tools, pipes, and other mechanical components. |
| Thumb |  A small, square thumbnail image showing a close-up view of the paddle frame's internal structure, highlighting the wooden spokes and the central hub. |
