

<b>Object:-</b>	<b>Petter Atomic 2 Cylinder Marine Engine</b>
-----------------	---

<b>Object ID:-</b>	2915	<b>Accession No:-</b>	IF:2009:14
<b>Date:-</b>	1936-01-01	<b>Works Number:-</b>	
<b>Category:-</b>	Engine		
<b>Collection:-</b>	Petter Collection		
<b>Manufacturer:-</b>	Petters Ltd		
<b>Made In:-</b>	Yeovil, England		

<b>Description:-</b>
Twin cylinder air start marine diesel engine with reversing box.

<b>Location:-</b>	
<b>Status:-</b>	Not On Display
<b>Condition:-</b>	In Storage

<b>History:-</b>
2010-02-07 Presented to Petters by Ferrybridge Marines Services and formed part of the old Petter factory collection.

<b>Conservation/Maintenance:-</b>
2014-08-05 Initial Strip Stripping started in 2013 with the majority of the engine found to be in fair condition but stuck through standing.  Bores are clean with no water ingress but the pistons will require pressing out.  Main bearings appear to be in good order as are big-end bearings.  Salt water corrosion has badly affected the water passages though and both cylinder head skulls will require replacing.
