Location:-	
Status:-	On Display
Condition:-	Running

History:-

2000-08-09
Arrived in the Isle of Man from Amberley Chalk Pits Museum

2003-05-06
Installed in Power Hall 1

Conservation/Maintenance:-

2000-06-08
Frost Damage
The engine was frosted before arriving at Amberley but repair work was undertaken on arrival in the Isle of Man.

The frosted section, under the governor end cover, was welded back in and then sealed.
